

“Staying Ahead in Changing Times”

CMG Australia 17th Annual Conference

Eden on the Park Hotel
MELBOURNE, AUSTRALIA

<http://www.cmga.org.au/cmga2001/>

Call for Papers

After three years in Queensland, we are heading south to Melbourne for CMGA2001. Once again, we will be providing 2 full conference days and as a speaker, you can be an integral part of it. In keeping with our conference theme “Staying Ahead in Changing Times”, our program aims to foster existing skills and assist our delegates in acquiring new insights and skills. Your paper can be targeted towards a variety of audiences, technical tutorials, user experiences or original research.

If you have not presented at a CMGA conference before, some previous conference proceedings are available on-line at <http://www.cmga.org.au/proceedings/>.

Conference Streams

Planned conference streams include:

- OS/390®
- Client Server/Open Systems
- Internet, Intranet, WWW
- Enterprise Management
- Capacity Management
- Storage Management
- Networks Management

Topics of particular interest are:

- Performance Evaluation and Measurement (all platforms and technologies)
- E-commerce, E-business
- Outsource Management
- Security
- Enterprise Systems – mainframe issues
- Managing Change
- Benchmarking
- Capacity Planning of Systems and Networks (Open Systems, Mainframes, LAN, WAN, SAN, SWAN, NAS)
- Capacity Management: methodology, economic and management issue
- Project Management
